Aaron Solis – Activities Director

October 4, 2016

Dear Supporter of San Marcos High School Athletics,

As I'm sure you are aware, perpetual fund raising has become a reality for public high school athletics as educational budgets are continually reduced and athletics are often at the end of the funding line. It is the responsibility of the individual athletic departments to seek funds to ensure their teams have sufficient funding for uniforms, equipment, tournaments, transportation and much more. It is the generosity of the public, both business and individual, that makes maintenance and improvements to our programs possible.

As part of our softball fundraising effort, we are offering banner sponsorships to specifically support the San Marcos High School Softball program. The banners are 3 ft. x 5 ft. and will be displayed on our softball field's outfield fence for the entire softball season starting in the middle of February 2017. The season goes through the end of May 2017.

We are offering banners for a tax-deductible donation of \$250 which includes the banner as well as any artwork. We retain all banners from past supporters; therefore, if you are a repeat supporter, a donation of \$200 will provide the same advertising opportunity for your business for the entire season.

Thank you for your generous support.

Sincerely,

Jeff Swann
San Marcos High School
Head Coach
